Dear

25X1

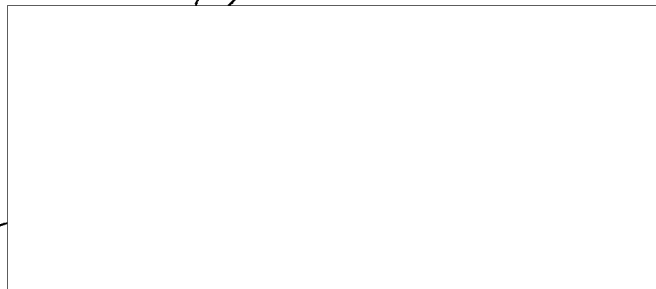

Many thanks for your very substantial contribution to both our data base and to the "guts" of the issue. We appreciate the loan of your material and have made copies for ourselves.

After a rather uncertain start, the following has been accomplished:

- A. John McMahon has concurred in the need for a comprehensive assessment of the subject country's intentions, capabilities, and current activities. The assessment will drive and/or support policy options as appropriate.
- B. John met with Judge Clark and Secretaries Shultz and Weinberger to insist the individual and uncoordinated contacts be limited, if not stopped, until our study is complete and some policy guidance issued.

We would welcome your continued support on this study at your earliest visit to our fair city. Again, thank you for your most cordial and competent interest and support.

Warm personal regards,

25X1
